WORK EXPERIENCE

Atom8 IT Solutions - UI/UX Designer

Oct 2019 - Present

I work in a Product based company and handle both design and development of their website. Also supports with their Product UI enhancement via design or front end code. My work also includes business promotions via marketing design.

Cogniti Digital Solutions - UI/UX Analyst

Oct 2018 - Sep 2019

I had worked in a team to design website for both product and services (mainly school websites). Also my stint included with Social Media Promotional design for both marketing and for recruitment purposes.

Personiv - Quality Controller / Graphic Designer

Jun 2015 - Oct 2018

I started my career here as Quality Controller and learnt Graphic Designing with certification. My work was managing the yellow pages advertisement design to meet the quality based on the client expectation using design tools like Adobe Illustrator and Photoshop along with proof reading.
